Isabella

ABOUT ISABELLA BOBAL

Isabella is named after one of the daughters of the winemaker. Our desire is to capture the essence of the terroir in a bottle, by constantly innovating in the way we produce our wines. Just like Isabella takes its title from our next generation, we always have the future in mind, applying modern techniques to achieve a unique tasting experience.

TASTING NOTES

Intense cherry red with a violet tinge. Dark red fruits, hints of strawberry and raspberry, balanced with toasted coffee notes and spicy, liquorice hues. Tasty, fruity wine, well-rounded tannins with light touches of smoky, toasted vanilla.

SOIL

Topsoil of loose pebbles with a deep clay layer underneath. The Denomination of Origin of Ribera del Júcar is located in the province of Cuenca, near central Spain. It gets its name from the Júcar river, since it passes through the region. This area has been home to winemaking for centuries. The climate is Mediterranean continental with sharp contrasts between summer and winter temperatures. The average temperature is 24°C in summer and 5°C in winter. Rainfall is sparse, around 350 mm/year.

WINEMAKING

Vines planted in 1988. The grapes are hand-picked, then fermented in small tanks which we pump over several times a day. The Bobal grape used for this wine is indigenous to the region. The grapes are harvested at night and oak aged for 4 months in American oak.
