Natural Wine Solo

ABOUT NATURAL WINE SOLO RED

Wine Solo is our love letter to wine. We are confident about the quality of our organic grapes and the extra care we put into the winemaking process, so we let the wine speak for itself. No pesticides or any other chemicals are used during its production. At every step of the way, from the vineyard to the bottle, we make sure that the wine meets our high-quality standard. Wine Solo is authenticity in a bottle.

TASTING NOTES

Intense dark red color with claret tones. Well structured wine, fills the mouth with a polished tannin and very good acidity. Aromas of ripe red fruit. Clean and persistent aftertaste.

SOIL

In the province of Cuenca near central Spain, our vineyard is located in an area where wine culture has been around for decades. It sits in an altitude of 800 meters above sea level. The continental Mediterranean climate of this territory brings plenty of sunlight to the vineyard, and the clay soil retains water, essential for the health of the vines.

WINEMAKING

Hand harvested with no corrections, additives, treatments or other interventions. Natural wine offers a much more exciting experience, as it is a very dynamic and changing wine, because each bottle can be different. No animal product used.

MADE WITH ORGANIC GRAPES

Organically Farmed. Organic vines planted in 2005. No chemical pesticides or herbicides used. No GMO Yeast Used.
