True Colours Cava

ABOUT TRUE COLOURS CAVA

A sweet entry, True Colours Cava Brut allows a greater amount of added sugar in the expedition liquor. The good acidity of the product makes this small amount of sugar barely perceptible, only highlighting its virtues and adding one more pairing possibility to the range of Cavas.

True colours is more than a Cava in a striking bottle. It is a social product that gives the possibility to contribute to projects in which we believe.

It was launched in Sweden on February 7 by ALTIA, at the request of the Regnbågsfonden (Rainbow Foundation), with a scheme of donation per bottle designed to defend the Human Rights of the LGBT I community in countries in the world where they are threatened
