SOIL

In the province of Cuenca near central Spain, our vineyard is located in an area where wine culture has been around for decades. It sits in an altitude of 800 meters above sea level. The continental mediterranean climate of this territory brings plenty of sunlight to the vineyard, and the clay soil retains water, essential for the health of the vines.

WINEMAKING

By winemaker Ruth Fernández. An artisanal drink made with high quality red wine, fresh orange, lemon and grape juice, and a touch of cinnamon and clove. This is a blend of organic juices and premium varietal wine. Clarified with Bentonite. Physical filtration. Cold stabilization. No animal product used.
